

A smooth exit

HAZLEWOODS CORPORATE FINANCE – SELLING YOUR BUSINESS

2022

With a keen buyer ready to proceed, the finishing touches are essential.

As you embark on the final stage of the exit journey, we can help you cross the finish line with confidence. Our team will:

Negotiate to get the best deal on your behalf

This is not just a question of how much money you will receive (although obviously we always seek to maximise total consideration), but also how the payment will be structured, over what period of time and whether payments will be contingent upon future business performance.

Complete due diligence

Any purchaser will want to scrutinise your business before finalising the transaction. We will manage the process, liaising between parties, to make it as pain-free as possible.

Focus on tax

By structuring the deal in a tax-efficient manner you can minimise tax and maximise proceeds.

Total deal management

We will make a concerted effort, working with all stakeholders, to push the deal over the line, allowing you to focus on your future.

You may want to reinvest in another business, take a well-earned break, or retire. It is therefore worth considering wealth management – Hazlewoods Financial Planning can help you use the sale proceeds in the most efficient way.

Hazlewoods award-winning, expert-led Corporate Finance team were named Experian's fifth most active adviser in the UK, following a record-breaking 2021, where they completed 170 deals worth over £1 billion.
